Creating a Course

1. In the backend, navigate to "Courses" under the Components tab.
2. At the top of the Courses panel, click the (+) sign to add a new course.
3. Fill in the details of the course. (See below for field/option descriptions.)
4. Click on the drop-down section under "Publishing", and determine if you want your course to be a "Draft" or "Published".
5. Click on "Save" to save the work that you have completed. You can only further edit your course, such as add an image or managers, after you have saved the initial details.
6. Under the Managers area, add course administrators (Instructors, Managers, etc.).
7. Under the Image area, add a course image by dragging an image file into the upload box.
8. Click "Save & Close" to save all the details of the course and to go back to the Courses main page, where your course will now be listed.

Field/Option Descriptions

Course Alias: Your course alias. This will be part of the URL.

Course Title: The official name of your course. This name will be what users see when browsing the hub.

Interests (tags): Helps categorize your course in search results. These tags can help your course be discovered more effectually.

Blurb: A short description of the course.

Description: A longer description of the course. Here you can personalize what the goal or concept is in further detail to your students.

Unpublished: The course is taken off the front end of the hub.

Published: The course can be found in the front end. Anyone can find the course through searches.

Draft: The course is being drafted. The course is accessible only to course administrators. This allows instructors and managers to build a course before it is available to students.

Deleted: The course is deleted permanently. Once a course is deleted nothing can be retrieved from the course after this action.

Creating Course Overview Pages (tabs)

1. In the backend, navigate to "Courses" under the Components tab.
2. Find your course in the list. Under the "Pages" column, click on the (+) sign to add a new page.
 1. If there are already existing pages, you will see a number in place of the (+) sign.
3. Enter the title, URL, and content into the page details. In the published parameters choose "Yes" to make the page active on the Course Overview.
 1. Note: A new page must be saved before files can be uploaded.
4. Click "Save & Close" and your new page will appear in the course pages list in the backend. On the front end, your new page will show as another tab in the Course Overview.
