Super Groups

Creating a Super Group

1. Log in to the backend of the Hub and hover over the "Users" tab and select "Groups."
2. Click "New" to create a group.
3. Select the group type from the drop-down to be "Super."
4. Fill in the CN or group alias, the title and logo of the group, along with the public and private group descriptions.
5. In "Membership Control," check the box if the membership is to be controlled. The membership "Join Policy" determines access level for the group.
   a. Public: Any user on the Hub can join the group.
   b. Restricted: Qualifications are given that predetermines who can join. These restrictions have to be added into the credentials.
   c. Invite Only: A group manager has to send an invite any new group members to the group.
   d. Closed: No one can join the group unless they are added from the back-end of the Hub.
6. Determine the access level of the group from hidden or visible. A hidden group is not listed on the front-end of the Hub, and any content is unavailable to any user that is not a member of the group. A visible group can be found on the Hub through regular searches.
7. Once all the group's content has been filled in, then save the new group by clicking "Save & Close." The group will be automatically approved and visible on the Hub.
8. The following will be automatically created when making the super group:
   a. Base template with custom error handling & login
   b. Separate database for super group related components, data, etc
   c. If Gitlab integration is enabled, all needed connections will be made and super group folder will be controlled via Git.

Frontend Module Management in Super Groups

Accessing the Module Manager:

1. Log in to the Hub and access the Super Group home page.
2. Click on the "Manage Group Pages" link in the group manager toolbar, to get to the page manager.

3. Select the "Manage Modules" tab to view the module manager.
4. Search for modules by using the search drop-down that searches for a module based on location and title.

Adding a Module:

1. Log in to the Hub and access the Super Group home page.
2. Click on the "Manage Group Pages" link in the group manager toolbar, to get to the page manager.
3. Select the "Manage Modules" tab to view the module manager.
