

# Knowledge Base

## What is the knowledge base?

The knowledge base is a searchable component which houses helpful articles and frequently asked question. Users can search keywords to find articles.

## Finding an Article

1. From the hub homepage, click the question mark and then selecting “Knowledge Base”. Alternatively, navigate to the URL <https://yourhubname.org/kb/>.
2. Search for the article by typing in key words in the search bar.
3. Once found, click on the title of the article to view.
