Knowledge Base

What is the knowledge base?

The knowledge base is a searchable component which houses helpful articles and frequently asked question. Users can search keywords to find articles.

Finding an Article

- 1. From the hub homepage, click the question mark and then selecting "Knowledge Base". Alternatively, navigate to the URL https://yourhubname.org/kb/.
- 2. Search for the article by typing in key words in the search bar.
- 3. Once found, click on the title of the article to view.
