

Upgrading

Introduction

Upgrade processes are developed as needed and will be documented in this chapter as they are created. If you need an upgrade process developed you may contact support@hubzero.org to inquire about contracting for the necessary work.

You can select the upgrade section you want to view from the side menu.

NOTE: It will NOT be possible to automatically upgrade to the 2.1.0 release from the 1.0.x or earlier releases. Upgrades from earlier releases is a detailed manual process. You may contact support@hubzero.org to inquire about contracting for the necessary support if you need to perform such an upgrade.
