Billboards

Overview

Billboards is a component that allows you to create a carousel effect on your home page. Slides can be designed with an image in the background and a short piece of text that goes over the image. Many use this feature to promote <u>Super Groups</u> or popular <u>Tools</u>.

Uploading an Image

- 1. To upload an image, open the **Billboard** you would like to edit
- 2. Click Upload Image, located underneath the Background Image field
- 3. Click the **Browse** button located on the bottom of the **Media Manager** pop-up, and locate and select the picture you would like to upload
- 4. Click Start Upload. You should then see your picture appear as an option
- 5. Copy the file name and paste it into the Background Image field
