Creating/Deleting Groups

Creating a Group

All registered users can create a group on the hub.

- 1. Log in to the Hub
- 2. Navigate to https://yourhub.org/groups, then click the Create a New Group button
- 3. On the **Create a New Group Page**, first fill in the **Group ID** which is the group's name that is in the URL
- 4. Fill in the group's title or the name of the group that user's will see
- 5. Fill in tags to connect your group with words to make it easier to find using Hub searches. A tag is like a subject, keyword, or category
- 6. Create the public and private group descriptions. The public description will allow any users of the Hub view a brief overview of the group. The private description will allow group members understand any group goals or concepts
- 7. Under **Membership Settings Join Policy**, select the button next to the access level you would like to give to members:

a. Public: Any user on the Hub can join the group.

- b. **Restricted:** Qualifications are given that predetermines who can join. These restrictions have to be added into the credentials. The group manager must approve these group members.
- c. **Invite Only:** A group manager has to send an invite any new group members to the group.
- d. **Closed:** No one can join the group unless they are added from the back-end of the Hub.
- 8. Under **Privacy Settings**, select a discoverability setting for the group:
 - a. **Hidden:** A hidden group is not listed on the front-end of the Hub, and any content is unavailable to any user that is not a member of the group.
 - b. Visible: A visible group can be found on the Hub through regular searches.
- 9. Set access permissions for each tab by using the drop-down to select who can access or control each component in the group
- 10. For the **Group Email Settings**, check the box to automatically subscribe new group members to the group email thread or discussion thread
- 11. Once all the group's content has been filled in, then save the new group by clicking **Save Group**. Once the initial group has been saved, pictures and files can be uploaded to the group
