

# Knowledge Base

## Overview

The knowledge base is a searchable component which houses helpful articles and frequently asked question. Users can search keywords to find articles.

## Finding an Article

1. From the hub homepage, click the question mark and then selecting **Knowledge Base**.  
Alternatively, navigate to the URL **<https://yourhubname.org/kb/>**
2. Search for the article by typing in key words in the search bar
3. Once found, click on the title of the article to view
