Add a new wish

- What does the world look like to you?
- Make a wish! <http://hubzero.org/wishlist>

The screenshot shows the HUBzero Wish List interface. At the top, there is a navigation bar with links for 'get started', 'download', 'documentation', 'support', and 'community'. Below this is a search bar and a 'LOGIN' link. The main heading is 'Wish List - HUBzero'. A search box prompts the user to 'Enter keyword or phrase'. Below the search box, there are tabs for 'All', 'Active', 'Accepted', 'Rejected', and 'Granted'. The current view shows 'All (1 - 20 of 337)'. A list of wishes is displayed, each with a title, proposer name, date, and a 'thumbs up' icon. The wishes include: 'Reward strong passwords with long expiration times' (Proposed by Pascal Meunier), '[Admin] Notifications of New Contributions to Resources & Citations (& Publications)' (Proposed by Christopher Cody Charles), 'projects - email / rss notification of project updates' (Proposed by Erich Huebner), and 'Inter-hub tool mirror' (Proposed by Erich Huebner). On the right side, there is a section for 'Wishes by popular tag:' with tags like 'globalhub', 'groups', 'hubzero team', 'news', and 'resources'. A callout box with a plus sign and the text 'ADD A WISH' is overlaid on the right side of the page.
