

# Hub Admin Login

## [Administration Login](#)

**Video:** [20090316-login\\_as\\_an\\_administrator.mp4](#) (10 MB, uploaded by 7 years 6 months ago)

Users access the site through the [front end](#) . Administrators access the site through a [control panel](#). The following steps show how to login as a 'Super Administrator' in order to access yourHUB's control panel. The control panel is a back end interface used to monitor and control yourHUB's services.

This first tutorial in the [HubAdministrationGuide](#) is brief and to the point.

## [Control Panel](#)

The URL for yourHUB's back end interface is <http://yourhub.hubzero.org/administrator>. You must substitute "yourhub.hubzero.org" with the domain name of your site. In other words, if your site is <http://example.com>, then your back end interface URL would be <http://example.com/administrator>.

Open your URL in a web browser. At the "Joomla! Administration Login" prompt, type your username and password combination; then click "Login".

### Joomla! Administration Login

Use a valid username and password to gain access to the Administrator Back-end.

[Return to site Home Page](#)

Username	<input type="text"/>
Password	<input type="password"/>
Language	Default <input type="button" value="v"/>
<input type="button" value="Login"/>

- Store orders**  
There are 0 new orders in the store.
- Success stories**  
There are 0 new success stories received in the past month.
- Wishes**  
There are 0 new wishes on the main yourHub website.

## Super Administrator

If your account possesses administrator privileges, you will be granted access; otherwise access will be denied. Always remember to logout when you are through with the control panel.
