Video: [20090316-promote_another_user_to_also_be_an_administrator.mp4](#) (17 MB, uploaded by 7 years 5 months ago)

These steps show how to promote another user to also be an administrator on yourHUB.

- Open browser
- Goto <http://yourhub.hubzero.org/administrator>

Joomla! Administration Login

Use a valid username and password to gain access to the Administrator Back-end.

[Return to site Home Page](#)

Username

Password

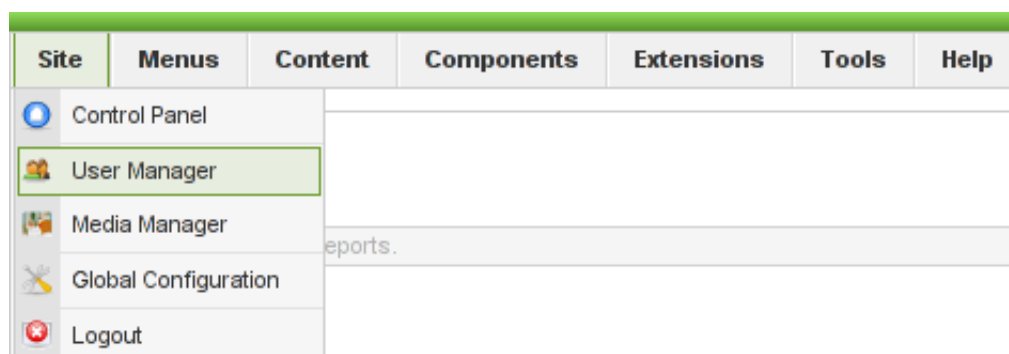

Language

Login 

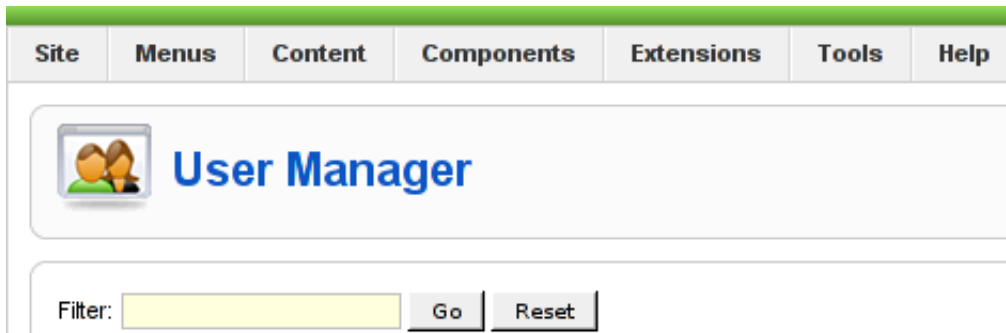

- Type username,password (of a super administrator)

[User Manager](#)

- Select “User Manager” from the ‘Site’ drop down menu

- Type the username you wish to promote into the 'Filter' text input box.

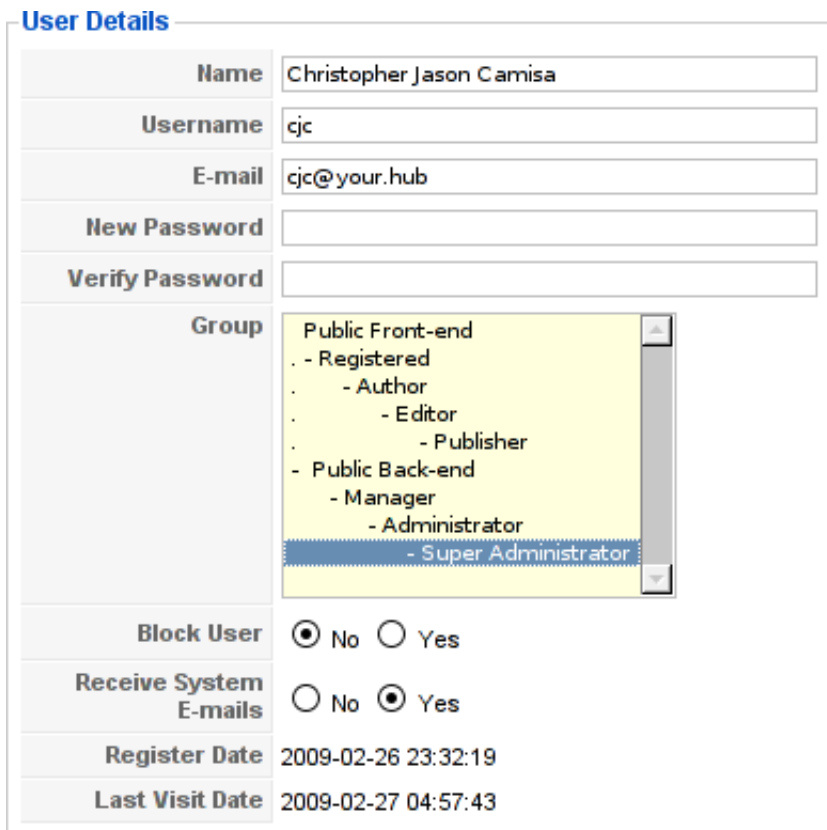

The screenshot shows the Joomla! administration interface. At the top, there is a navigation menu with tabs for Site, Menus, Content, Components, Extensions, Tools, and Help. Below this is the 'User Manager' section, which includes a filter input box and 'Go' and 'Reset' buttons.

- Click on the username you wish to promote

(UserDetails not found)

- In the "User Details" area, choose "Super Administrator" from the 'Group' drop-down menu.

The screenshot shows the 'User Details' form for user Christopher Jason Camisa. The form includes fields for Name, Username, E-mail, New Password, and Verify Password. The 'Group' dropdown menu is open, showing options like Public Front-end, Registered, Author, Editor, Publisher, Public Back-end, Manager, Administrator, and Super Administrator. The 'Block User' and 'Receive System E-mails' options are also visible.
